

Anuj Avhad

SUMMARY

Project owner of a Political Intelligence & Digital Campaign System focused on building a complete election intelligence, campaign operations, voter analysis, and digital influence system for Sinnar constituency in Nashik district, Maharashtra.

PROJECTS

Political Intelligence & Digital Campaign System | Master Context Document v1.0

- Build a complete political intelligence system covering constituency understanding, voter understanding, candidate positioning, opponent analysis, issue identification, digital campaign planning, ground campaign support, media influence mapping, sentiment monitoring, and election war room management.
- Current focus: Sinnar constituency in Nashik district, Maharashtra.
- Initial research conducted around Uday Sangle, Manikrao Kokate, Sinnar political environment, 2024 Maharashtra Assembly Election, and potential future political developments.
- System modules defined: Candidate Intelligence, Constituency Intelligence, Election History, Booth Intelligence, Issue Mapping, Opposition Intelligence, Digital Intelligence, Influencer Network, Media Intelligence, Legal & Compliance, War Room, and Content Intelligence.
- Required databases defined: Candidate, Constituency, Village, Booth, Influencer, Media, Issue, Opponent, Content, Volunteer, and Campaign Asset databases.
- Coding and automation objectives include Political CRM, Volunteer Management, Booth Management, Media Monitoring Dashboard, Sentiment Analysis Dashboard, Issue Tracking Dashboard, WhatsApp Operations Dashboard, Election Analytics Dashboard, Political Knowledge Base, and Campaign War Room Software.
- Operating rules include: never assume, always identify information gaps, support recommendations with evidence, maintain source tracking, prioritize booth-level intelligence, and continuously create research tasks when information is missing.
- First task scope includes Information Gap Report, Data Collection Framework, Database Schema, Folder Structure, Research Plan, Intelligence Gathering Workflow, and Campaign Readiness Scorecard.

KNOWN INFORMATION - UDAY SANGLE

Publicly known as political leader from Sinnar, entrepreneur, social activist, sports activist, and founder of Sahyadri Yuva Manch. Political journey includes long association with Shiv Sena, later joining NCP (Sharad Pawar faction), contesting the 2024 Assembly Election from Sinnar, and subsequently moving toward BJP. Family detail listed: wife Sheetal Sangle, former President of Nashik Zilla Parishad. Known strengths include strong grassroots network, youth mobilization, village-level worker network, and rural Sinnar influence. Information gaps include exact political timeline, business holdings, detailed family structure, cooperative positions, and organizational structure.

KNOWN INFORMATION - MANIKRAO KOKATE

Known as senior Sinnar political leader, multiple-term MLA, and former Maharashtra Cabinet Minister. Strengths include deep political experience, government access, long-standing constituency network, and cooperative sector influence. Current situation includes legal proceedings related to a historical EWS housing case, conviction-related legal proceedings, ministerial position lost, and continuation as MLA under ongoing judicial process. Information required includes legal timeline, political impact analysis, and booth-level support analysis.

2024 ELECTION SNAPSHOT - SINNAR ASSEMBLY CONSTITUENCY

Manikrao Kokate: approx. 145,501 votes. Uday Sangle: approx. 105,137 votes. Margin: approx. 40,364 votes. Note: needs verification through official Election Commission records.
